

# WATER & SOUND EXPERIENCE

A journey with the 4 elements to your origin

# WATER & SOUND EXPERIENCE

This is a journey back to your origin. Water is the source of life. Everything is vibration. We explore the healing potential of WaterShiatsu, AquaRelax & WaterDance in combination with unique sound experiences. You feel the silent power of being held and moved with mindfulness and present touch. Sound journeys & heart song circles accompany you on your journey.

”Doing without Doing”. Aquatic bodywork supports us to be present, connected and loving with each other. You will relax deeply within this week. Expand your own voice, find your own expression!  
Experience the peaceful silence as well as the source of sound, rhythm & vibration as a powerful anchor in your life within yourself.
